EMPLOYMENT

RECLAMATION MANAGER

Western States Reclamation, Inc. - Frederick, Colorado 2002-Present

Execute and oversee reclamation bids and projects in a timely manner, while maintaining proper budget control. Manage and coordinate employees in large and small reclamation and erosion projects. Reward on projects involving erosion control, wetland plantings, native seeding, mulching, and landscaping.

SUPERINTENDENT

Western States Reclamation, Inc. - Frederick, Colorado 1999-2002

Provided supervision, management, and scheduling support on numerous project sites. Coordinated safe operation and maintenance of all construction equipment, while motivating team members to increase productivity and execute projects in a timely manner.

ENVIRONMENTAL PROJECT REPRESENTATIVE

*Atlantic Richfield Company/ West Elk Mine
Somerset, Colorado 1996-1998*

Developed and implemented state required gas, soil, coal, and water sampling and analysis. Oversaw reclamation and compliance projects on mine site and forest service ground.

CUSTOM FARMING

Self-employment - Loma, Colorado 1993-1998

Experience in accounting and all aspects of ground preparation, seeding, and harvesting of crops. Reclamation of drill sites for drilling companies on Western Slope of Colorado. Wildlife habitat construction for private landowners.
