EMPLOYMENT

ESTIMATOR/PROJECT MANAGER

Western States Reclamation, Inc. - Frederick, Colorado 2016-Present

Mr. Amen is responsible for estimating projects focusing around erosion control, revegetation, landscaping, and earthwork. He has experience reviewing estimates to find cost-savings and any value engineering that can be provided to potential clients. Mr. Amen is also responsible for ensuring budget restraints are met, quality standards are maintained and monitored, communication is effective between project owners and contractors, and invoicing for each project is done in a timely manner.

RECLAMATION SUPERINTENDENT

Western States Reclamation, Inc. - Frederick, Colorado 2013-2016

Mr. Amen has experience examining and inspecting work progress, equipment, and construction sites on various projects to verify safety and ensure that specifications are met. Mr. Amen was responsible for training workers in construction methods, operation of equipment, safety procedures, and company policies on all projects.

FOREMAN

Arnold's Custom Seeding - Keenesburg, Colorado 2010-2013

Experience in operating and transporting heavy machinery, managing reclamation operations, performing mechanical tasks, quantity take-offs, job safety analysis reports, and daily progress reports.

PROJECT MANAGEMENT INTERN / LABORER

The Neenen Company - Fort Collins, Colorado 2010-2013

Responsible for managing commercial buildings ranging from one to forty million dollars. Projects included: schools, hospitals, residential lofts, office buildings, resorts, and production shops.

OWNER

Amen Construction. - Fort Collins, Colorado 2009-2010

Experience owning and operating a small construction company.

FARMER

Amen Family Livestock - Fort Morgan, Colorado 1999-Present

18 years experience breeding livestock.
