EMPLOYMENT

EQUIPMENT LOGISTICS COORDINATOR

Western States Reclamation, Inc. - Frederick, Colorado 2017 -Present
Mr. Burchfield provides oversight, management, and execution of all maintenance and repairs of equipment for environmental reclamation projects. Along with repairs and maintenance, Mr. Burchfield is responsible for purchase, sale, and inventory of all company equipment.

RECLAMATION FOREMAN

Western States Reclamation, Inc. - Frederick, Colorado 2013 -2017
Mr. Burchfield manages, trains, and oversees various WSRI teams on projects focusing on reclamation and reseeding. As an experienced heavy equipment operator, Mr. Burchfield fixes and maintains tractors and seeding equipment. In addition, Mr. Burchfield is responsible for managing daily schedules and budgets to ensure a project's success.

RANCH HAND

Ludvigson Sock Farms - Absarokee, Montana 2011 -2012
Experience managing day -to-day ranch duties on Registered Red Angus seedstock operation. Duties included, but are not limited to: feeding, fencing, calving, and caring for the animals' overall well -being. Implemented rotational grazing procedures for more successful results.

RANCH HAND

Burchfield Ranch - Cody, Nebraska 2007 -2011
Reclamation experience reseeding the pasture blowouts in the Sandhills of Nebraska. Responsible for doctoring, fencing, feeding, haying, and calving livestock. Responsible for monitoring pasture and forage health.

VET TECHNICIAN

Five Rivers Cattle Feeding - Kersey, Colorado 2006 -2007
Responsible for overall health and maintenance of more than ninety thousand head of cattle at the feedlot. Followed strict treatment plans and administered care to sick cattle. Experience assisting in shipping cattle and calling for feed.
